Crossroads Art District / First Friday Walking Guide

See Gallery Key on the reverse side. © 2017 Robert T. Palmer

Although there are many galleries, museums and other art venues spread throughout the Kansas City area, the Crossroads District seems to be a focal hub for those who enjoy the social art scene. This area is constantly in flux, so keep in mind that galleries may or may not be open on any given day.

Please use this map to take personal notes on for later visits.
 Note: First Friday galleries are typically open from 6 to 9 pm,
 after which patrons stay to visit nearby bars and restaurants.
